DECLARATION OF DR. ANTHONY JOHN CHALK

1. I, Dr. Anthony John Chalk, hereby declare as follows:
2. I am an attorney of the firm Harrison Goddard Foote in the United Kingdom. I represent the assignee of the above-identified U.S. Patent Application, British Nuclear Fuels PLC (hereinafter BNFL), in its intellectual property matters.
3. At the time of filing the U.S. provisional patent applications and the PCT application from which the present application claims priority, we were informed by BNFL that the inventors of the disclosed and claimed inventions were "Timothy N. Milner," "Robert G.G. Holmes," "Rebecca A. Robbins," "Stuart Shealy," "Colin R. Austin" and "Ed Morren." We and our United States associates prepared the documents relating to the U.S. provisional and PCT applications using these names as provided except that we expanded "Ed" to "Edward". We were unaware that "Edward Morren" was not Mr. Morren's full name until this fact was brought to our attention by the U.S. Patent and Trademark Office in the Communication mailed July 25, 2002.
3. The foregoing mistake was an inadvertent error and was made without deceptive intent.
4. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of
